EXPERIENCE

Data Migration Specialist

Used technical and creative problem solving skills to extract data from various platforms and collaborated with internal teams to ensure the most efficient build of new databases.

Customer Support Specialist

Provided multichannel support to nonprofits in a friendly and professional manner and exercised troubleshooting and creative problem solving skills to supply customers with solutions to their unique database needs.

Freelance Videographer & Digital Marketer

Built positive relationships and credibility with clients. Managed multiple complex projects and supplied deliverables according to schedule. Facilitated video shoots from planning to post production.
